\*Stationery used throughout grade 10, 11 and 12 students are asked to keep stationary for all three years. Stationery will need to be replaced if damaged or lost.

\*History files will be provided by the school and added to the textbook levy.

\*Art

- Please budget for art materials for at least 4 practical projects. This budget should allow for photocopying and printing for every project's research component and the presentation of each work for examination purposes.
- Every student will need a visual diary for practical projects. Please buy one in the beginning of the year and replace as needed. It may be A4 or bigger, depending on the student's own preference. Untextured plain paper works best – 80 gr paper is fine.
- Students will need to make notes in class but can do that in any book/file format they please.
- Please feel free to contact me if you are unsure about any art purchases: [lreyburn@hatfieldcs.co.za](mailto:lreyburn@hatfieldcs.co.za)
- Good art shops in Pretoria: Jimnette's: 012 – 361 4469 or Archneer: 012 342 8432
